

On Monday 19 June 2017, the Regional Education Board General Inspector came to college Leroi-Gourhan to attend our award ceremony : this year, our students have been involved in many projects and have been awarded different prizes. Officials from the Town Council, the County Council, parents, teachers, awarded students and Mr Pascal Bouzin, the Headmaster were present on that solemn moment.

On that occasion, the French Erasmus coordinator, Mrs Valérie Moullec, together with Mrs Marie-Claude Rage and Mrs Jocelyne Colonna, presented our Erasmus project , its results and its impact, and the Erasmus students who travelled to Athens and Bielefeld were given their Europass Mobility.
